

# Grooming Information

## AMC RECOMMENDATIONS FOR PUPPIES THAT REQUIRE GROOMING SERVICES

- Set up your first Puppy Groom at 16 weeks of age when all Vaccines are on board.
- After the first appointment, schedule grooming every 4-8 weeks with daily brushing in between.
- In preparing for the first appointment, work with your pet's ears, tail, paws, nails, etc. Do this to prepare your pup for handling and desensitization.
- Breeds include Poodles, Doodles, Maltese, Shitzu, Yorkie, etc.
- For any shedding or short-haired dog that doesn't need haircuts, we recommend Bath, Brush & Nail trim with a Deshedding Treatment every 4 weeks during shedding season. This reduced shedding by 90%.
- Refrain from bathing more frequently than every 4 weeks. Doing so can strip the natural oils and cause irritated skin.

To schedule your puppy's appointment or for more information, call AMC at (620) 792-1265
